MEMORANDUM FOR: Deputy Assistant Director (Special Activities)

25X1A

SUBJECT: Upgrading ☐ Capability

25X1A

1. With reference to ☐ 2215-63 concerning "Status of the ☐ Radar Site," the following recommendations are made toward bringing the ☐ site up to optimum performance:

25X1A

25X1A

a. Add at least ☐ additional funding to the project over and above the present operating level at the Harry Diamond Laboratories (HDL). These funds are to be used for additional technical personnel assigned to the project and for the purchase of electronic components to improve the equipment operation.

b. Establish a top level R&D priority to the project so that it will get the necessary support. This would have to be effective for both HDL and ☐ in order to cover the work done at both places.

25X1A

2. I would appreciate an opportunity to give you a run down on the background of the ☐ project.
